

ACCESS MANAGER SOFTWARE

Secure Door Access

Use your card as your key by implementing BadgePass Access Manager. Lockdown secure areas and doors with state of the art software, panels, readers and locks. You'll love how easy it is to create schedules and assign access privileges to cardholders.

Key Features:

- Database integration tools (DataSync/AD Plug-in)
- Non-proprietary hardware
- Lockdown and door groups
- Streamlined card issuance and activation
- Eliminate credential overflow risk

Preferred Hardware Partners:

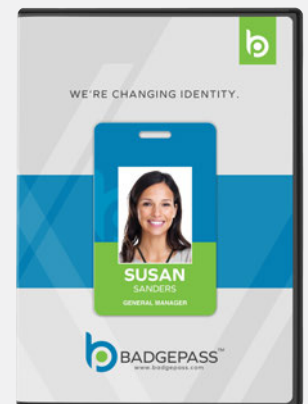

MERCURY
SECURITY

ALLEGION™

ASSA ABLOY
